COMPUTER REPAIR  
NETWORK SUPPORT

*"Where Technology  
Meets Performance"*

## Why Plus IT?

Based in Stockton California, Plus IT, Inc. specializes in computer network design, implementation, and maintenance. We are committed to providing top quality technical services, support, and solutions... All customized specifically for your business.

Plus IT, Inc. has experienced technicians that have been in the computer industry for over 25 years. Our technicians have experience in all phases of networking and computers, from small home / office setups to larger Novell and Microsoft class business networks.

Do you need hardware or software support? How about wireless internet? Plus IT, Inc. can add, remove, upgrade or improve just about anything to fit your needs. We can keep your systems up to date and free of all the little things that make your computer experience less productive.

Do you need an IT Specialist, but can't afford a full time employee? Rely on us! Call us today to set up a time for a representative to come by and discuss what Plus IT, Inc. can provide for your network and computer needs.

## Features

---

- **Availability**

Plus IT, Inc. on-call team means you have help with your computer problems when you need it most.

- **Knowledgeable Team**

Our Team's many years of combined experience results in quick and efficient problem solving. The result is quick turn-around and very little down time for you.

- **On-site / Remote Technicians**

Plus IT, Inc. technicians can provide support on-site or remotely.

- **Local Company**

You can feel comfortable and confident knowing your IT support team is as close as a phone call away.

- **Communication**

Plus IT, Inc. takes the time to explain the problem and the solution as well as keep you informed on what is going on with your system.

## Benefits

---

- **Less Down Time**

Plus IT, Inc. makes it our mission to keep your business up and running as we understand your time is critical. Ask about our maintenance program.

- **Reliability**
